Re: Request for Sacred Lands File Search and Native American Contacts list for the
"620 S. Roosevelt - 19 Unit Residential Development ;" located in the
City of Fullerton; Orange County, California.

Dear Ms. Lombardo:

A record searches of the NAHC Sacred Lands File **DID indicate** the presence of Native American traditional cultural place(s) in the project sites submitted; based on the USGS coordinates submitted as part of the Areas of Potential Effect (APEs). Also, note that the absence of archaeological or Native American sacred places/sites does not preclude their existence. Other data sources for Native American sacred places/sites should also be contacted. A Native American tribe of individual may be the only sources of presence of traditional cultural places or sites.

In the 1985 Appellate Court decision (170 Cal App 3rd 604; *EPIC v. Johnson*), the Court held that the NAHC has jurisdiction and special expertise, as a state agency, over affected Native American resources impacted by proposed projects, including archaeological places of religious significance to Native Americans, and to Native American burial sites.

Attached is a list of Native American tribes, individuals/organization who may have knowledge of cultural resources in or near the project area. As part of the consultation process, the NAHC recommends that local governments and project developers contact the tribal governments and individuals to determine if any cultural places might be impacted by the proposed action. If a response is not received in two weeks of notification the NAHC requests that a follow telephone call be made to ensure that the project information has been received.

If you have any questions or need additional information, please contact me at (916) 373-3715.

Sincerely,
