

Seasonal Jobs

Do you or someone you know want to gain experience working with children?

Or maybe there is an interest in helping improve the quality of life in our community?

YOU can make a difference

in the community while going to school or working part-time, whether its helping a school-age student with homework after school, providing that child with a new experience in the arts, or taking a seasonal day camper on an excursion to an amusement park. We offer a wide variety of programs to the community for infants, toddlers, school-aged children and teens.
